ABOUT COMPANY

Our company is engaged in the export sector, encompassing both commodities and non-commodity products. Leveraging Indonesia's vast potential as a nation rich in natural resources and renowned for its abundant, high-quality production, we are committed to serving as a bridge for international trade.

Driven by our dedication to quality, sustainability, and building trust with global partners, we aim to connect domestic producers with international markets, fostering economic growth and strengthening Indonesia's presence in the global trade arena.

Vision & Mision

➤ Vision

To become a key bridge in introducing and promoting Indonesian export commodities to the global market by prioritizing quality, sustainability, and building a positive image of Indonesian products worldwide.

➤ Mision

- To become the best and most trusted international export company by providing professional services.
- To consistently maintain the highest product quality.
- To build long-term, mutually beneficial partnerships and contribute to increasing the competitiveness of Indonesian products in the global market.
- We are committed to serving wholeheartedly by establishing strong cooperation with various export destination countries.

We are committed to serving wholeheartedly by establishing strong cooperation with various export destination countries.

BUSINESS FIELDS

► Export of Commodities

Commodities are raw materials or semi-processed goods traded on a large scale and adhering to specific standards, such as products from **agriculture, plantations, forestry, and fisheries.**

- ✓ **Export of Agricultural Commodities**
Products: coffee, tea, cocoa, spices, corn, and other agricultural products.
- ✓ **Export of Plantation and Forestry Products**
Products: palm oil, rubber, rattan, processed wood, and other forestry products.
- ✓ **Export of Fishery and Marine Products**
Products: fresh/frozen fish, shrimp, squid, seaweed, and other marine products.

► Non-Commodity Exports

Non-commodity products refer to processed goods, finished products, or services that carry added value, uniqueness, and do not always follow global market standards as commodities do.

- ✓ **Export of Handicrafts and MSME Products**
Products: handicrafts, souvenirs, batik, bags, and other creative local products.
- ✓ **Export of Furniture and Home Decoration**
Products: wooden furniture, household furnishings, and interior decorative items.
- ✓ **Export of Textiles and Garments**
Products: ready-to-wear clothing, traditional fabrics, and other fashion products.
- ✓ **International Distribution and Trade**
Activities: logistics management, shipping, and product promotion to overseas markets.

Currently, we are focusing on developing three main business areas:

Charcoal Briquettes

Chili Souce

Snack
